

Guide to Whacky Water World

The Whacky World of Fun and Amazement

The Slides and Rides!

Come try our amazing slides including the Great White Shark Stormer Slides, the Alligator Chomper, the Barracuda Blaster, the Tuna Tornado Tube, the Squid Squisher, and the Starfish Slides.

All of our slides were hand-designed by professional Norwegian water slide designers specifically for our high-quality water park.

There are super slides for everyone to enjoy. If you enjoy high speed super soaking slides, try our Great White Shark Stormer Slides. For fun for the little ones, take them to the Starfish Slides.

The Lobster Lazy River, The Blowfish Body Boarding Arena, The Shark-bait Sunbathing Area, The Starfish Scuba Diving Lagoon, Coconut Creek Wave Pool, and the Baby Fishes Wading Pool are awesome rides for everyone to enjoy.

You can enjoy yourself in any way you could possibly dream of doing. Want to relax? Take a ride in the Lobster Lazy River or sunbathe in the Shark-bait Sunbathing area. Want to be extreme? Try to walk to the front of Coconut Creek Wave Pool, or take a ride body boarding in the Blowfish Body Boarding ride. If you have kids, take them to the Baby Fishes Wading Pool.
